18 of 19 review helpful I was rather disappointed with this book By Anne Hope I was rather disappointed with this

book it focuses on traditional grammar instead of functional language use The grammar topics seem like odd choices to me for example there is a section on proper nouns versus ordinary nouns OK but not a difficult concept Also it asks students to identify whether nouns in a sentence are subjects direct Build a solid foundation in English grammar As a beginning learner of English you might find that grammar concepts such as indefinite articles relative pronouns the passive voice or gerunds can be confusing To go forward with your English skills you need guidance through tricky grammar areas That s where Practice Makes Perfect English Grammar for ESL Learners comes in Practice Makes Perfect English Grammar for ESL Learners off About the Author Ed Swick has written several ESL titles including Practice Makes Perfect English Pronouns and Prepositions Practice Makes Perfect English Problem Solver and Writing Better English

**[Online library] the essential guide to apps for learning english as a**

merit software improves reading comprehension vocabulary grammar writing and math skills suitable for elementary middle and high school students and ged adult **epub** educating everybodys children diverse teaching strategies for diverse learners revised and expanded 2nd edition edited by robert w cole table of contents **pdf download** welcome to the opposites worksheets section where youll find a number of free ready to print lesson worksheets on opposite adjectives that teachers can use in the vocabulary building resources for teachers and english as a second language learners including professional and business terms
