By Julia Kotlarsky, Ilan Oshri, Leslie P. Willcocks : The Handbook of Global Outsourcing and Offshoring in choosing the right outsourcing model enterprises need to consider differentiating quot;who caresquot; and parity factors if you see outsourcing as the key to cutting your costs you are likely to be disappointed sooner rather than later

thats not The Handbook of Global Outsourcing and Offshoring:

0 of 0 review helpful Three Stars By Customer interesting helpful but a bit of lack of recent data outsourcing changed so much in the digital era 2 of 2 review helpful Good read By Jay Smith Overall this book was a good read It was for a MBA class and although I would not normally read this material for fun I found it to be very valuable with relevant informatio A revised and updated look at the issues relating to the sourcing of systems and business processes with new thematic case studies examining the client s and the vendor s involvement in sourcing relationships by putting the emphasis on the capabilities that each side should develop as a result of their interactions with each other Written by outstanding academics well recognized for their expertise on the topic this long awaited book is a must have to anybody embarking on the process of global sourcing or seeking to enhance their existing knowledge It provides a comprehensive concep
