**From Routledge : Encyclopedia of New Religious Movements** new religious movements nrms can involve vast numbers of followers and in many cases are radically changing the way people understand and practice religion and a new religious movement nrm is a comprehensive term used to identify religious ethical and spiritual groups communities and practices of relatively modern origins nrms may be novel in origin or they may exist on the fringes of a wider religion in which case they will be distinct from pre existing denominations Encyclopedia of New Religious Movements:

2 of 9 review helpful Oh dear By William B Bennett To author a genuine work that would truly live up to this impressive title would be such a massive exercise in human exploration that no individual or group of authors could undertake it nor publisher finance it So what we have here is essentially a superficial review of a lot of seemingly interesting accounts predicated on the assumption that it is better to sit in a cha New Religious Movements NRMs can involve vast numbers of followers and in many cases are radically changing the way people understand and practice religion and spirituality Moreover many are having a profound impact on the form and content of mainstream religion The Encyclopedia of New Religious Movements provides uniquely global coverage of the phenomenon with entries on over three hundred movements from almost every country in the world Coverage incl From Booklist The press of late hasn't been good for new religious movements NRMs cementing a negative view that equates them with cults sects or counterculture groups While violence brainwashing and other
