0 of 0 review helpful Building a performance By Tyler Larry s book really is an acting class within itself He asks for you to read or watch all of what he references in the book There are a LOT of references so he really is taking you on a journey as an artist If you read watch all of the references and read the book itself and do the exercises you can easily spend months or even a year learning from Larry I'd call this book The Intent to Live because great actors don't seem to be acting they seem to be actually living — Larry Moss from the Introduction When Oscar winning actors Helen Hunt and Hilary Swank accepted their Academy Awards each credited Larry Moss's guidance as key to their career making performances There is a two year waiting list for his advanced acting classes But now everyone — professionals and amateurs — I love the work I've gotten to do with Larry He loves actors he loves acting and I love him — Helen Hunt I'd call Larry Moss is probably the most knowledgeable articulate creative compassionate teacher of acting in America today
