By Ruth W. Grant : Strings Attached: Untangling the Ethics of Incentives port manteaux churns out silly new words when you feed it an idea or two enter a word or two above and youll get back a bunch of portmanteaux created by jamming archives and past articles from the philadelphia inquirer philadelphia daily news and philly Strings

Attached: Untangling the Ethics of Incentives:

0 of 0 review helpful Tough read By TMof I purchased and read this book based on recommendation of a friend What I liked The premise of the book is interesting and thought provoking The author clearly knows a lot about the topic The book contains 4 topics from discussion Plea Bargaining Medical Testing IMF Loans and Motivating Paying Children to learn All are interesting and made m Incentives can be found everywhere in schools businesses factories and government influencing people s choices about almost everything from financial decisions and tobacco use to exercise and child rearing So long as people have a choice incentives seem innocuous But Strings Attached demonstrates that when incentives are viewed as a kind of power rather than as a form of exchange many ethical questions arise How do incentives affect character and ins One of Choice s Outstanding Academic Titles for 2012 Strings Attached is a thoughtful look at the encroaching power of the market and its mechanisms in a range of human activity What does it mean to see life as a series
