0 of 0 review helpful Five Stars By NC mom What a great book for teachers 0 of 0 review helpful Solid Text and

Addition to One's Educational Library By Craig W. UbD is an instructional approach worthy of consideration. This is a good introduction to that approach. I purchased this book for coursework; I found the text helpful and a nice addition to my library. 2 This collection of templates, design tools, examples, and exercises is an in-depth resource for Understanding by Design workshops, curriculum teams, teacher training, undergraduate and graduate courses, as well as further independent exploration. It provides a valuable resource to educators in developing curriculum and assessments with a focus on developing and deepening students' understanding of important ideas. From the Inside Flap: Understanding by Design Professional Development Workbook extends the ideas presented in Understanding by Design UbD by focusing on professional development and the practical matters of curriculum design. The Workbook is a guide for Unders
