1 of 1 review helpful Very Useful By JoshusMaximus Of all the Naval Evaluation writing books ive used this is by far the best The awards section is a bit underwhelming hence why I gave it 4 stars but the evaluations section is on the spot with a lot of good phrases and words listed to play off of as well as strong advice on placement and utilization for the best evaluation impact By majority the EPs I submit for we ge The recognized standard for Navy writing aids this books collects and summarizes over 40 years of hard won experience and provides examples and details of Navy Eval writing not found anywhere else Besides step by step instructions it contains up to date examples of successful opening and closing statements and hundreds of examples of statements for common Eval categories such as Equal Opportunity Leadership Teamwork Stratification Military Bearing and Character
