0 of 0 review helpful Worthy as the last of the series Get it now By Robert M Nied This series is not longer available having fallen by the wayside because I suppose budget problems with its publisher The United Nations Association for the United States and lack of interest in the publication and of continuing and sufficient interest in the UN A worthy publication to keep up with the constant stream of event A Global Agenda is an essential academic and policy guide for diplomats academics and students as well as curious individuals seeking in depth information about the issues facing the UN This new edition tackles global instability recent peacekeeping trends the international debate over the effectiveness of development and humanitarian aid climate change the new UN Human Rights Council the evolution of the International Criminal Court and UN reform
