0 of 0 review helpful Five Stars By USA Buyer Great book to review theories I would recommend using this book as a study aid In discussing a management topic scholars educators practitioners and the media often toss out the name of a theorist Taylor Simon Weber or make a sideways reference to a particular theory bureaucracy total quality management groupthink and move on as if assuming their audience possesses the necessary background to appreciate

and integrate the reference This is often far from the case Individuals are frequently forced to seek out a hodgepodge of sources va Kessler has pulled together more than 280 signed essays written by a distinguished group of international scholars Essays define individual management theories and discuss their central premises domain development and relevance The efforts made to re
