Precious Stones From Cut and Color to Shape and Settings:

5 of 5 review helpful Very Good Basic Info for Student Jeweler s By Lina I bought this because I am studying to be a jeweler so I am looking at the book from that perspective This book doesn t have a lot of technical information or information on using gem identifying equipment It does have a lot of useful information a student designer or jewelry buyer would need to know It goes in depth into different kinds of cuts For goldsmiths collectors jewelry makers investors retailers and consumers The trade of gemstones is a highly specialized and often secretive business Using The Jeweler s Directory of Gemstones written by an expert gemstone dealer and designer will provide any consumer with the insider knowledge needed to make accurate judgments of gemstones to recognize low and high quality stones and to make a good buy rather than a bad one of hardcover edition For jewelers but it is just as well suited for buyers and wearers of gemstone jewelry Lori D Kranz American Reference Books Annual of hardcover edition A reasonably thorough convenient resource for anyone wan
